

Candidate: David A. Weber

I have been a member of the 7th District in Walworth County serving Williams Bay, north Linn Township and Geneva Township.

Currently own Mode Industries, Inc. (manufacturing engineering) at 1723 Woolsey St., Delavan.

I have served on the Walworth County Board for 18 years and can help maintain strong physical management along with supporting communications and expanding the broadband project.

There is a strong need to continue to control taxes, avoid borrowing, take advantage of Federal ARPA dollars, support public safety and Health & Human Services programs, continue our virus protection program, support Lakeland School and their programs, and prepare for county emergencies.
